Alan
You are a terrific mentor,
friend, supporter and leader!
Kenny

On behalf of the board, staff, and young people of Legacy Youth Tennis and Education, I would like to thank you Frank, Carolyn, and the rest of the Lindy Communities family for its \$15,000 sponsorship of the National Junior Tennis and Learning (NJTL) summer camp sites at Sturgis, Allens Lane, Lee Cultural Center, and Finley. Your generous contribution allowed us to subsidize NJTL sites in lower communities and provide 7-week summer programming at a \$1/day.

We continue to strive for excellence as we reach individuals and families in the neediest communities of Philadelphia. As you know, we need to create an even more impactful program, similar to what we have created at Lee Cultural Center. This will ensure our efforts create a more holistic program that will meet the needs of working families and families who are out of work and living in poverty. I am confident that the Ad Hoc Committee and their recommendations will make NJTL a financially sustainable program and a higher value to kids and the communities.

Again, thank you for your generous support of our programming, both as an active leader of our board and a financial contributor. We are grateful for your civic leadership and your commitment to young people.

With much gratitude,

Kenny Holdsman
President
