

## COMMUNITY RESOURCE LIST

### Ardmore, PA

There are many government agencies, nonprofit organizations and faith-based organizations that provide assistance to families in our community. The list below is by no means exhaustive.

There are a couple of important things to know when seeking assistance:

- ❖ Not every program is for every person. Be patient if the first few places you contact are not the right fit for you.
- ❖ The list includes organizations that do case management. Case management is a process that social workers use to help clients access services. A case manager (or social worker) may connect you and your family with services like rent and utility assistance, SNAP benefits and low or no-cost health insurance.
- ❖ Faith-based organizations like Catholic Charities, Jewish Family Service, Lutheran Services and the Salvation Army will assist people of any or no religion.
